## Spouse in the House

*A frank and funny look at what to do when together is too close*

Two's company, especially for those who love each other. So what happens when--due to retirement, working from home, or even running a business together--spouses find that being in the same space all the time is awkward, complex, annoying, and just plain challenging? How can partners co-exist without co-exhausting each other?

For any Christian who wants their home to be a refuge of peace and serenity for all--not just themselves--and who wants to know they aren't alone in the mental and physical claustrophobia of too much togetherness, Spouse in the House is a vulnerable, charming, and pragmatic breath of hope.
